

Digital Inkjet Printing carpets, vinyl, mats and tiles has the future and we take printing carpets, vinyl and mats to the next level.

Bob Mats is a leading manufacturer of carpet, mats and carpet tiles for the digital printing market. With more than 20 year of innovative history, Bob Mats products are know worldwide to compliment the capabilities of digital printers in the (wide format) digital graphics arts and dye sublimation industry. Printing Carpets, Vinyl and Mats using inkjet technology like dye sublimation, uv and solvent are new ways to create floor graphhcs.

Bob Mats understands the process involved in direct inkjet and dye sub printing and knows how to transform this into working products. Bob Mats products are high quality and outlast and outperform any competitor. Bob Mats is not a wholesaler that claims to manufacture, we develop the products we sell !

Bob Mats can custom manufacture carpet, vinyl, mats and carpet tiles to your spec. Our white unprinted products enable our customers to open new markets like the worlds first long lasting true full color dye sub carpet and floor mat.

Bob Mats dedication to service includes technical support, troubleshooting and customer service representatives. They are the people behind our products and they understand the needs of this innovative and evolving industry.

- High Quality
